

Return To Invoice GAP Insurance

If your vehicle is written off as a “total loss” by your insurance company, you will only be paid the “current market value” of the vehicle at the time of the loss - **NOT WHAT YOU ORIGINALLY PAID** and therefore not enough to buy the same vehicle again.

Return To Invoice GAP Insurance pays the shortfall

Fortunately, we can soften the blow with **Return To Invoice (RTI) GAP**, it pays out as a supplement to your comprehensive motor insurance, so you can afford to replace your car with a similar model.

- *RTI GAP pays the difference, up to a maximum of either £10,000 or £20,000 (Subject to Eligibility), between the market value of your vehicle, and the original price you paid for it, or if greater, the amount that you require to settle your finance*
- **Covers you for 3 years**
